

PECB Certified ISO 37301 Lead Implementer

Develop the competence necessary for the establishment, implementation, maintenance, and continual improvement of a compliance management system based on ISO 37301.

Why should you attend?

The benefits of implementing a compliance management system (CMS) based on ISO 37301 are manifold: helping the organization avoid or mitigate the costs, risks, and damage of noncompliance, ensuring the long-term sustainability of the organization, promoting trust and confidence, encouraging good governance practices, due diligence, and ethically sound business dealings, etc.

The PECB ISO 37301 Lead Implementer training course provides the knowledge needed to establish, implement, manage, maintain, and continually improve a CMS. It aims to provide an in-depth understanding of ISO 37301 requirements, as well as the best practices and approaches used for the implementation and subsequent maintenance of the compliance management system.

The training course enables you to help organizations establish processes needed to adhere to all compliance obligations and establish controls that proactively prevent noncompliance and contribute to the creation of a culture of integrity, transparency, and openness.

The training course is followed by the certification exam. If you pass, you can apply for the "PECB Certified ISO 37301 Lead Implementer" credential. The "PECB ISO 37301 Lead Implementer" certificate is internationally recognized. It validates your professional capabilities and competences to implement a CMS in an organization based on the requirements of ISO 37301.

Course agenda

DURATION: 5 DAYS

This is a five-day training course. The complete agenda for this training course will be announced soon.
